

# SELF CONTAINED UNITS

## LARGE CAPACITY GRAVITY PORTABLE EYEWASHES

Speakman portable models are the dependable answer for this problem, for temporary locations that need protection and for areas where a plumbed source of potable water is not available. SE-4300 Gravityflo eyewash provides flush time in excess of 20 minutes, greatly exceeding the ANSI recommended minimum of 15 minutes and flow rates well in excess of ANSI minimum.

SE-4300 with SE-4920  
Only gravity flow unit with  
drench hose option in the  
marketplace.

## PRESSURIZED PORTABLE EYEWASHES

Safety where it's needed is an important element in emergency equipment. Speakman portable models are the dependable answer for temporary locations that need protection now. Speakman's 2.5, 5 and 10 gallon stainless steel pressurized units provide portability for use in mobile or transient applications.

SE-599  
2.5 gallon

SE-590  
10 gallon
