

INTRODUCING THE SPEAKMAN **SentinelPro™** T/P SHOWER VALVE

THE IDEAL SOLUTION FOR LOW FLOW SHOWER REQUIREMENTS.

The SentinelPro™ T/P shower valve is an innovative, dual element thermostatic and pressure balanced shower valve certified to meet ASSE 1016 at 1.5 GPM.

The SentinelPro T/P's dual element design meets both the Pressure Balance Valve and Thermostatic Valve testing criteria of ASSE 1016 thus providing protection against both thermal shock and scalding down to flow rates as low as 1.5 gpm.

The SentinelPro T/P valve offers T/P valve protection at Pressure Balanced Valve prices, creating the industry's highest valve ratio.

The SentinelPro™ T/P valve is also able to fit any existing Speakman Mark II Pressure Balanced valve.

SentinelPro™ T/P valves are available in numerous configurations to fit the needs of many facilities (see back for available models)

Certified to meet ASSE 1016 at 1.5 GPM & ASME 112.18.1/CSA B125.1 standards

Absolutely the best.

SENTINELPRO™ T/P SHOWER VALVES & COMBINATIONS

SM-5000	Thermostatic/pressure balance valve with chrome plated brass wall plate and brass lever handle. Adjustable temperature limit stop. All brass body with bonnet.
SM-5010	SM-5000 thermostatic/pressure balance valve. All brass body with bonnet. S-2272-E2 showerhead, S-2500 arm & flange.
SM-5020	SM-5000 thermostatic/pressure balance valve. Adjustable temperature limit stop. All brass body with bonnet. S-2280 wall mounted showerhead.
SM-5030	SM-5000 thermostatic/pressure balance valve. S-2272-E2 showerhead, S-1556 diverter tub spout and S-2500 arm & flange.
SM-5040	SM-5000 thermostatic/pressure balance valve. VS-1000-AF includes hand shower, hose, supply ell, vacuum breaker, mounting posts and VS-123 24" slide bar.
SM-5050	SM-5000 thermostatic/pressure balance valve. VS-1000-AF includes hand shower, hose, supply ell, vacuum breaker. mounting posts, S-1556 diverter tub spout and VS-123 24" slide bar.
SM-5060	SM-5000 thermostatic/pressure balance valve. VS-1000-AF includes hand shower, hose, supply ell, vacuum breaker and mounting posts, S-1182 diverter valve. VS-124 42" slide bar. S-2272-E2 showerhead, S-2500 arm and flange.
SM-5070	SM-5000 thermostatic/pressure balance valve. VS-1000-AF includes hand shower, hose, supply ell, vacuum breaker and mounting post. S-1182 diverter valve. S-2272-E2 showerhead, S-2500 arm & flange. S-1556 diverter tub spout. Two (2) VS-121 wall hooks.
SM-5080-ADA	SM-5000 thermostatic/pressure balance valve. Adjustable temperature limit stop. All brass body with bonnet. VS-1001-ADA handheld shower system. S-2500 arm & flange.
SM-5090-ADA	SM-5000 thermostatic/pressure balance valve. Adjustable temperature limit stop. All brass body with bonnet. VS-1001-ADA handheld shower system. S-1556 diverter spout. S-2500 arm & flange.
SM-5400	Thermostatic/pressure balance volume control diverter valve with chrome plated brass wall plate and brass lever handle. Valve body with integral stops.
SM-5410	SM-5400 thermostatic/pressure balance valve, S-2272-E2 showerhead and S-2500 arm & flange. Valve body with integral stops.
SM-5420	SM-5400 thermostatic/pressure balance valve and S-2280 wall mounted showerhead. Valve body with integral stops.
SM-5430	SM-5400 thermostatic/pressure balance valve, S-2272-E2 showerhead, S-2500 arm & flange and S-1554 tub spout. Valve body with integral stops.
SM-5440	Balanced pressure handicap shower combination includes: SM-5400 thermostatic/pressure balance valve, VS-100 hand held shower with 69" rubber lined stainless steel hose, VS-115 chrome plated brass supply ell with wall flange, VS-117 in-line vacuum breaker and VS-123 30" slide bar. Valve body with integral stops.
SM-5450	Balanced pressure handicap shower combination includes: SM-5400 thermostatic/pressure balance valve, VS-100 hand held shower with 69" rubber lined stainless steel hose, VS-115 chrome plated brass supply ell with wall flange, VS-117 in-line vacuum breaker, VS-123 30" slide bar and S-1554 tub spout. Valve body with integral stops.
SM-5460	Balanced pressure handicap shower combination includes: SM-5400 thermostatic/pressure balance valve, VS-100 hand held shower with 69" rubber lined stainless steel hose, VS-115 chrome plated brass supply ell with wall flange, VS-117 in-line vacuum breaker, VS-124 42" slide bar, S-2272-E2 showerhead and S-2500 arm & flange. Valve body with integral stops.
SM-5470	Balanced pressure handicap shower combination includes: SM-5400 thermostatic/pressure balance valve, VS-100 hand held shower with 69" rubber lined stainless steel hose, VS-115 chrome plated brass supply ell with wall flange, VS-117 in-line vacuum breaker, S-1182 diverter valve, S-2272-E2 showerhead, S-2500 arm & flange, S-1556 diverter tub spout and two (2) VS-121 wall hooks. Valve body with integral stops.
SM-5480-ADA	Balanced pressure handicap shower combination includes: SM-5400 thermostatic/pressure balance valve, VS-1001 hand held shower system and S-2500 arm & flange. Valve body with integral stops.
SM-5490-ADA	Balanced pressure handicap shower combination includes: SM-5400 thermostatic/pressure balance valve, VS-1001 hand held shower system, S-1554 spout and S-2500 arm & flange. Valve body with integral stops.
