**AMERICAN RECOVERY
AND REINVESTMENT ACT
COMPLIANT PRODUCTS**

ON FEBRUARY 17TH, 2009, President Obama signed the American Recovery and Reinvestment Act (ARRA) into law. This legislation is intended to stimulate our domestic economy with new projects that create jobs for Americans who are out of work. A further provision within the Act is the Buy American Act, which serves to drive more manufacturers into the stimulation process and therefore extend the economic effects by allowing more industries to be active in new projects.

WHILE SPEAKMAN COMPANY engages in some manufacturing operations outside of our New Castle, Delaware facility, we offer over 2,000 products which meet the requirements of ARRA. In addition to our foreign manufacturing facilities, Speakman Company operates a manufacturing and assembly facility at our New Castle location which, operates in accordance with the American Steel Workers Union.

FOR MORE INFORMATION on ARRA please visit recovery.gov.
